

ET-PP Coordination Meeting

M. Martínez

21st December 2022

Executive News

- Received third round of comments on Collaborative Agreement and building the v3.0 based on the comments
 - Nothing dramatic.. we still hope for distributing final version before end of 2002 (sorry for the delay on this ... pileup of other urgent things last week... including visit to Spanish Parliament)
- We made progress in the potential adoption of CERN solutions form storage, versioning, commenting and sign- off, of the ET-PP documents (the deliverables) and ET Project
 - Discussion with ET management last week
 - Put on the hands of WP5 the follow-up process
 - Collect requirements & present integrated solution
 - Confirm CERN involvement
 - Identify manpower in ET-PP to support it
 - Consulting with CTAO their living experience on this
- Discussion with EGO Director to reaffirm EGO involvement in ET-PP and WP9
