Safety and Health Rules at IFAE

Safety and Health Rules at IFAE

Version 1.1

Oscar Blanch Bigas, Juan Cortina, Jorge Garcia, Thorsten Lux, Mari Carmen Porto, Sara Strauch

Data: 2015.11.02

This document describes the safety and health procedures and rules at IFAE. If you are employee at IFAE or from another institution but temporally working at IFAE, you must read and understand the relevant parts of this document. Sections 1 and 2 are relevant for everybody. Section 3 details which other parts are relevant depending on your job profile.

If you find any omission or wrong or outdated information in this document, or you simply want to comment or make suggestions, please write to the authors.

Main changes from previous version:
First released version.

Contents
