Collaboration of IFAE in R&D for CEPC

- Initial contacts through **ATLAS** experiment at CERN
- **CEPC CDR** reviewer (SG)
- **MOST2** (Taichupix1) collaboration (PhD Tianya Wu, now at NCU)
- Close collaboration with IHEP (J. Guimaraes da Costa, Z. Liang)
- Investigating DMAPS for Timing (Yujing Gan)
- Shared student through **CSC** and national programs for common R&D

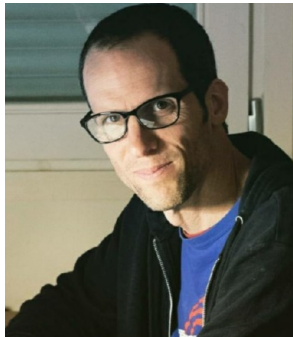

Collaboration between Countries

- Spain and China signing MoU to collaborate on synchrotron source R&D
- Signed between Cells consortium (Spain) and IHEP
- Strengthening scientific ties between Spain and China

Other Issues

- Please let us (cepc2025@ifae.es) know if you are not registered to the workshop but would like to attend the **dinner**
- Dinner is tomorrow (Tuesday evening), close to the UPF (where we are now)
- Lunch is not included (some restaurant information provided)
- Remember be vigilant against **pickpockets**, especially in crowded areas
- I would like to thank the LoC and the Steering Committees
 - Specially Aurelio Juste, Joao Guimaraes da Costa and Hungjuan Xu
