**Horizon Europe: Coordination
and Support Actions**

Aim of WP3 D3.2

Alignment of WP3 and ETO on priority actions to support the creation of an intermediate legal entity happened on 17/04/2026 in Rome

Ended the session with:

- priority support action on HR scheme
- Idea that ETO needs more immediate support to develop frameworks and enlargement of stakeholders

Deliverable currently under review of ETO

D3.2 – Workshop with ETO and First Action Report

Due date: April 2026

This deliverable reports on the outcomes of a meeting organized with ETO to analyze the first report produced by WP2 on suitable intermediate legal entities for ET in the potential host states.

During the workshop, ET-PP WP3 coordinators and ETO members will work together to identify the types of support needed by ETO for the establishment of the intermediate legal entity.

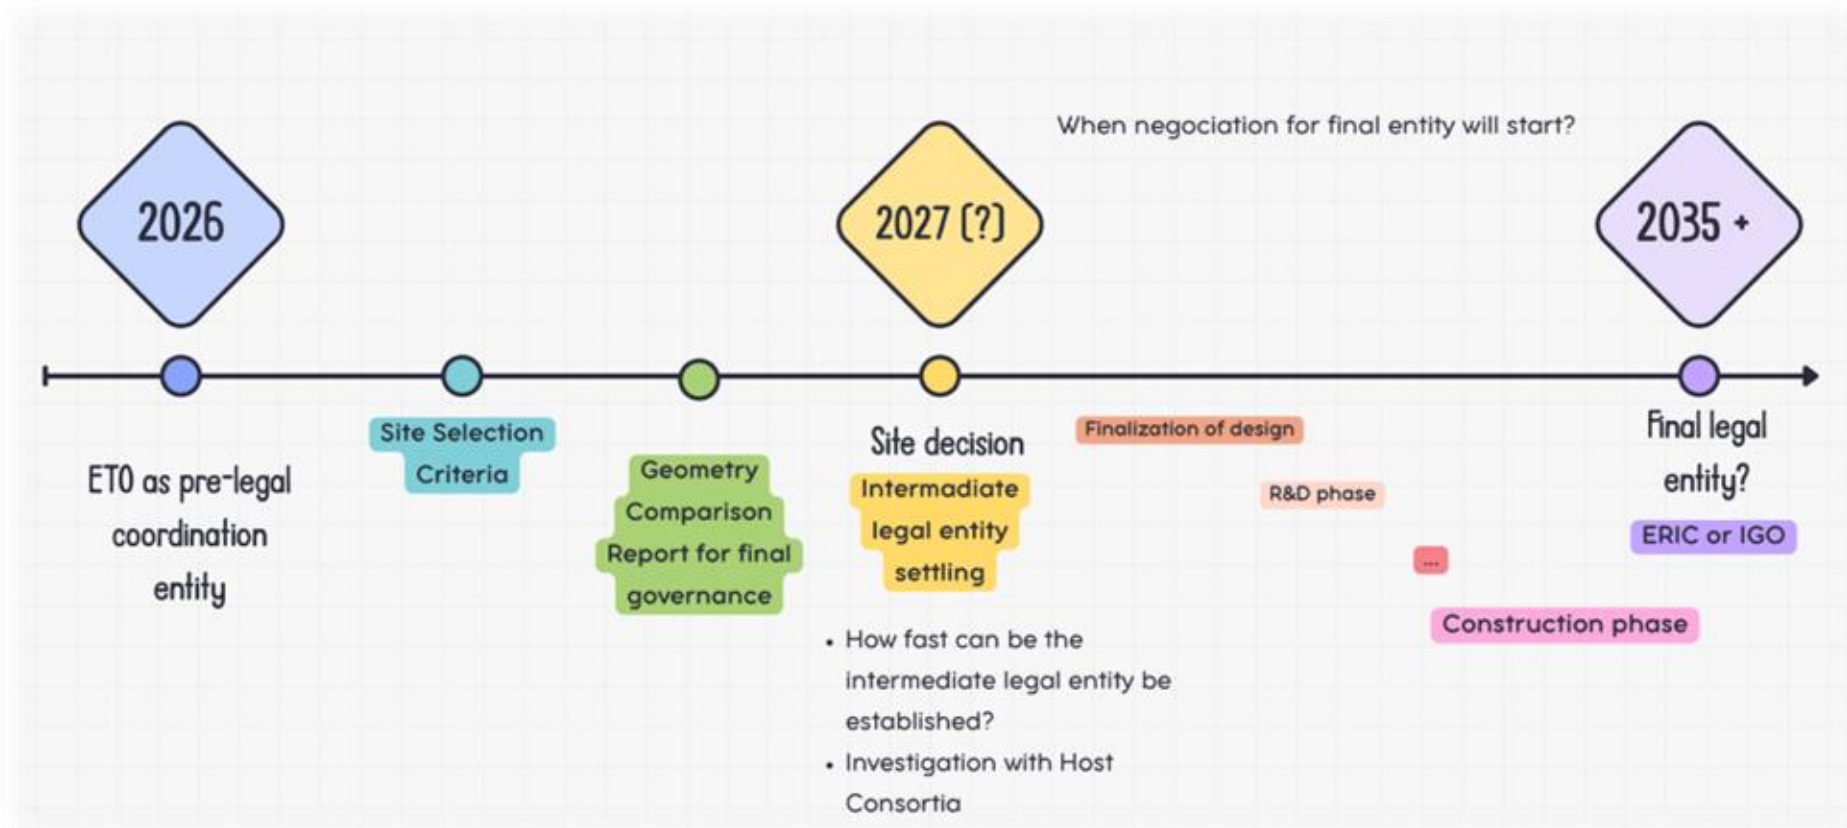

Particular emphasis will be placed on financial aspects, including the secondment of personnel, in-kind contributions, and related support mechanisms. The deliverable will consist of a report summarizing the discussions and defining the priority support actions required by ETO to move forward with the creation of the intermediate legal entity.

Aim of WP3 D3.3

- Title: Final financial analysis for the intermediate legal entity
- First draft ready end of June 2026 for review during the summer

D3.3 Final financial analysis for the intermediate legal entity (M46). This deliverable will provide the final set of financial review models to support ETO in the establishment of the intermediate legal entity. Building on the outcomes identified in D3.2, it will detail the actions already taken and those still to be implemented. The report will outline for instance documents that will serve as basis for the planning, monitoring, and review of costs; the management of in-kind contributions; and the financing and evaluation of R&D activities to be undertaken during both the preparatory and intermediate legal entity phase, rules for measuring and recognizing the efforts and contributions of partners, including those provided through national and EU-funded projects.

A suitable pathway towards a legal entity for ET in the potential host countries – when ?
