Cosmology at the Pati

Barcelona · 16 – 20 November 2026

This workshop brings together international experts in particle physics and cosmology to discuss advances in fundamental physics, cosmological observations, gravitational waves, dark matter, and black holes in the inspiring setting of two cloisters in Barcelona's vibrant Raval district: Pati Manning and Casa de Convalescència de Sant Pau (seat of Institut d'Estudis Catalans).

VENUES

Institut d'Estudis Catalans (16 Nov)
Pati Manning (17-20 Nov)
